Notes

It may be prudent for applicants to consult with the Planning Services Centre of the Development and Design Division to verify the fee calculation before preparing a cheque. Send your completed Fee Calculation Worksheet to eplans.devdes@mississauga.ca.

If there is a discrepancy between this calculation worksheet and the City's *Planning Act* Processing Fees By-law, as amended, the City's *Planning Act* Processing Fees By-law, as amended, will apply.

For the purpose of calculating Site Plan Application fees, no floor area deductions are permitted.

^A Base Fee applies per application.

^B Where a building includes or consists of a podium that connects two or more Residential / Commercial / Office / Institutional towers where each tower is greater than five storeys above the height of the podium, each Residential / Commercial / Office / Institutional tower shall be considered a separate building for the purposes of calculating the applicable fee. Additionally, the variable rate fees associated with the podium will be allocated between the Residential / Commercial / Office / Institutional towers. Where a Residential / Commercial / Office / Institutional tower is five storeys or less above the height of the podium, that tower will not be considered a separate building.

^C For townhouse buildings, the maximum variable rate charge applies to the total of all townhouse buildings included in an application.

^D Major revision to an application requiring recirculation to commenting agencies is 50% of the total application fee.
