

2011 Judging Criteria

Significance: City Wide Scale

Contribution to the quality of the environment as related to City image, visual identity, vistas, skyline, streetscapes, recognition of sites and location opportunities.

Significance: Community Scale

Contribution to the quality of environment within a community which demonstrates a regard for the context for the locale, enhancing a sense of place and personal safety or reinforcing a unique history.

Living Green

Demonstrates an integrated approach to design which supports environmental and sustainable site and building practices.

Innovation

The degree of creative response to program requirements, site constraints and the ability to influence trends.

Context

The relationship or blending of built form and spaces with existing and planned development, and respect for and enhancement of areas character.

Execution

The quality of construction materials, and the interpretation of design into reality.

Supports “Our Future Mississauga Strategic Plan”

Supports the Strategic Pillars for Change such as “*Move*” (i.e. developing a transit oriented city); “*Belong*” (i.e. ensuring youth, older adults and new immigrants thrive, ensure accessibility); “*Connect*” (i.e. contemplating our neighbourhoods); “*Prosper*” (i.e. cultivating creative and innovate businesses); and/or “*Green*” (i.e. sustainability and environmental considerations).
