

# In Effect Policies

Mississauga Official Plan (MOP) is now in effect, with the exception of the appealed policies. A list of all city wide and site specific appeals to MOP and the relevant in effect policies are shown in the below concordance tables and are indicated in the body of the Plan as follows:

- policies that have been appealed city wide are noted with orange highlighting; and
- policies appealed that are site specific are underlined in red.

There are two types of appeals to MOP. The first are appeals in response to the Region of Peel Notice of Decision dated October 5, 2011 to approve MOP. These are Mississauga Official Plan Appeals numbered 1 through 19, listed in the section titled "Original Appeals". Remaining appeals are noted in the below tables with the letter "A" before the appeal number.

For these appeals, the relevant policies in Mississauga Plan (2003) will remain in effect. Until all appeals are resolved, both official plans will need to be referred to since they are both partially in effect. Once all matters have been decided, Mississauga Plan will no longer apply.

The second type of appeal is an appeal of an amendment to MOP, or a Mississauga Official Plan Amendment (MOPA) appeal. Policies affected by outstanding MOPA appeals are listed in the section titled "Amendments and Appeals". The appealed policies are shown in the below tables with the letters "MOPA" before the appeal number. For these appeals, the original MOP policy will remain in effect. The original policy can be found on the City's official plan policy page [www.mississauga.ca/mississaugaofficialplans](http://www.mississauga.ca/mississaugaofficialplans), and accessed through the *Mississauga Official Plan Amendments* link.

**Disclaimer:** For the policies under appeal in the Mississauga Official Plan, the relevant policies in Mississauga Plan (2003) will remain in effect. The identified Mississauga Plan (2003) in effect policies in the below tables are based on the Mississauga Policy Planning Division's interpretation and are intended as a guide only. All development proponents should review both official plan documents to satisfy how the policies in each document relate to their development proposal and site. The information in these tables should not be relied upon as a substitute for specialized legal or professional advice in connection with any particular matter.

*The information in these tables is subject to change. Last update effective March 14, 2013.*
