## Streetsville District Policies of Mississauga Plan

### 1.2 AMENDMENT TO MISSISSAUGA PLAN

#### 1.2.1 Purpose

The purpose of this Amendment is to replace the Streetsville District Policies of Mississauga Plan.

#### 1.2.2 Location

The lands affected by this Amendment are located in the Streetsville Planning District of Mississauga Plan.

#### 1.2.3 Basis

The Streetsville District Policies have been reviewed and updated to be consistent with changing local circumstances and recent provincial planning initiatives. The policies have also been revised to eliminate duplication of policies which are already included in the General Policies of Mississauga Plan.

#### 1.2.4 Details of the Amendment and Policies Related Thereto

Details regarding this Amendment to the Streetsville District Policies of Mississauga Plan are contained in the Planning and Building Report dated August 15, 2006.

#### 1.2.5 Implementation

Upon the approval of this Amendment by the City of Mississauga, the Zoning By-law applicable to the subject lands will be amended to the appropriate classification, in accordance with the intent of this Amendment.

Provisions will be made through the rezoning of the lands subject to this Amendment, for *development* to occur, subject to approved subdivision and site *development* plans, in accordance with the intent of the Amendment.

#### 1.2.6 Interpretation

The provisions of Mississauga Plan, as amended from time to time regarding the interpretation of that Plan, shall apply in regard to this Amendment.

This Amendment supplements the intent and policies of Mississauga Plan.

Upon approval of this Amendment, Section 4.32 the Streetsville District Policies and Streetsville District Land Use Map of Mississauga Plan, will be replaced in accordance with the intent of this Amendment.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## 2. DISTRICT POLICIES AND DISTRICT LAND USE MAP

### 4.32 STREETSVILLE

#### 4.32.1 Planning Context

The Streetsville District has developed around the historic settlement of the village of Streetsville, located south of Britannia Road West, between the Credit River and Mullet Creek. This area of the District is unique in Mississauga as it retains the distinct *character* of a rural Ontario town, as it developed from the early 19<sup>th</sup> century. There are over ninety (90) listed heritage properties, many of which are designated. Heritage buildings are prominent along Queen Street South, some as original retail commercial structures, others as *residential dwellings* which have been converted to retail commercial and *office* uses. Queen Street South is also designated as a *Scenic Route*.

The properties fronting onto Queen Street South between Britannia Road West and Reid Drive, are listed on the *City's* Heritage Inventory as they form a *cultural heritage landscape*. Creditview Road from south of Argenta Road to the Credit River has also been identified as part of the *City's cultural heritage landscape*.

Queen Street South and Main Street continue to maintain a traditional mainstreet retail commercial *character* and are active pedestrian streets. The variety of retail commercial services and the village *character* of the area attract residents from surrounding areas as well as providing a community focus, making it an important part of the Streetsville Node. (MPA-40)

The Streetsville Node is located south of Britannia Road West, west of Church Street and east of Mullet Creek. The area within the Node includes a mix of land uses and is well served by public transit.

The area surrounding the Node includes greenbelt and open space land uses and stable, established residential neighbourhoods, consisting mainly of detached dwellings with a few semi-detached and townhouse dwellings. The residential neighbourhood north of Britannia Road West also has business employment uses west of Falconer Drive and retail commercial uses along Queen Street North and Falconer Drive.

The residential neighbourhood south of Britannia Road West includes a retail commercial use west of Turney Drive.

The transportation system in the District includes Britannia Road West as the main east-west arterial road and Queen Street South and Queen Street North as the main north-south major collector road. The arterial roads and several of the major collector roads have public bus transit service. In addition to bus transit, there is a GO Transit *commuter rail* station located on Thomas Street.

The Natural Heritage features in the District, which are shown on Schedule 3 Environmental Areas, and further described in *Mississauga Natural Areas Survey*, include the Credit River and Mullet Creek valleys and the *woodland* located at the southeast corner of Erin Mills Parkway and Britannia Road West. The Credit River valley, which is the main natural corridor within the *City*, and the Mullet Creek valley are important wildlife corridors providing linkages to other Natural Heritage features beyond the District.

The Credit River provides significant habitat for a variety of salmonids and is classified as a cold water fisheries. There is also a Smallmouth Bass fishery in the lower part of the river, from Streetsville to the Credit River estuary. Mullet Creek also provides important *fish habitat*.

#### **NOTE:**

All terms listed in Section 7, Glossary, where used, are ***bolded and italicised*** throughout the text. (MPA-25)

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.2 Development Concept

The Streetsville District is an established residential community with a historic core area which generally retains the distinct scale and *character* of a rural farming town. The historic core area is recognized as a significant *cultural heritage landscape* due to the large number of heritage buildings of a consistent scale, portraying a period landscape of a small village.

The Streetsville Node is the centre of activity for the District, combining residential uses, cultural activities, shopping, dining, commerce, tourism and recreation. Areas within the Streetsville Node, mainly along Queen Street South and adjacent to the St. Lawrence & Hudson Railway, are in a transition of land uses and have potential for appropriate *redevelopment*, *infill*, and *intensification*.

These policies encourage the maintenance of established residential neighbourhoods and a diversity of mixed uses and densities in the Streetsville Node to create a high quality, compact and sustainable built form which utilizes existing infrastructure and services, such as public transit. These policies also encourage the maintenance of the appearance of the historic core area through urban design requirements and the retention of *heritage resources* such as landscapes with mature trees and vegetation, heritage buildings, extant churches, *cemeteries*, public open spaces and *streetscapes*.

The focus of these policies is to facilitate *development* which reduces the impact of extensive parking areas, *enhances* pedestrian and cycling convenience and safety, complements *adjacent land* uses and distinguishes the significance of the Streetsville Node from surrounding areas.

New *development* and *redevelopment* will *conserve* and *enhance* significant natural environmental features, such as the Credit River and Mullet Creek valley features, *conserve* and *enhance heritage resources* and recognize the scale and *enhance* the *character* of existing neighbourhoods.

### 4.32.3 Urban Design Policies

#### 4.32.3.1 Community Identity and Focus

- a. *Development* will be *compatible* with and *enhance* the village *character* of Streetsville as a distinct established community by integrating with the surrounding area.
- b. *Development* with a high level of urban design, pedestrian amenity, landscaping and compact built form will be encouraged in the Streetsville Node to create a strong sense of place and reinforce the role of the Node as the centre of activity for the District.
- c. Queen Street South will remain the focus of the Mainstreet Retail Commercial core within the Streetsville Node. (MPA-40)
- d. The *development* of symbolic gateways to define entry to and exit from the Streetsville Node will be encouraged.

#### 4.32.3.2 Historic Character

- a. Alterations to heritage structures, including building repairs and additions, and/or alterations to existing vegetation which is part of the *cultural heritage landscape*, will be in keeping with the original *character* of the *heritage resources* to be *preserved*.
- b. Designs for new buildings and additions will *enhance* the historic *character* and heritage context of the Streetsville Node through appropriate height, massing, architectural pattern, proportions, set back and general appearance.
- c. Commercial signs will reflect the historic village *character* in the Streetsville Node. Hand painted wooden signs, projecting signs as permitted by municipal by-laws and other signs which reflect late nineteenth or early twentieth century practises will be encouraged.
- d. The established residential *character* of the areas generally located along Main Street east of Church Street and along Queen Street South, south of Barry Avenue, will be maintained through appropriate building masses, setbacks, intensive landscaping, *streetscapes* with many mature trees, and a regular street grid pattern.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.3.3 Mainstreet Retail Commercial

#### *Character*

(MPA-40)

The following will apply to lands designated Mainstreet Retail Commercial: (MPA-40)

- a. *Development* with a mix of residential and *office* uses on upper floors and street-related retail commercial uses in closely spaced storefronts lining the street, will be encouraged along the principal streets in the Streetsville Node to promote an active pedestrian environment.
  - b. New buildings will be at least two (2) storeys but not more than three (3) storeys in height. Building additions will not be more than three (3) storeys in height and will be generally harmonious in style and massing with the buildings to which they are attached.
  - c. The apparent height of new buildings will be reduced through massing and design.
  - d. New *development* will be encouraged to reflect the original lot pattern and setback dimensions of surrounding properties. The front setback of new buildings should match the setback of adjacent buildings so as to create a uniform street wall. Where the building setbacks on either side are not equal, the lesser setback should be used.
  - e. Integrated parking opportunities, which may include rear lane access to combined parking areas and the *development* of private pay parking lots, will be encouraged where appropriate.
  - f. *Development* which *enhances* the *streetscape* through landscaping and the provision of pedestrian amenities will be encouraged along the principal streets within the Streetsville Node.
- b. The rear facades of *developments* which back onto places accessible to the public, including parking areas or laneways, should be designed to provide a level of detail, fenestration, and direct access appropriate to their role as secondary frontages.

### 4.32.3.4 Public Realm

- a. The placement of parking areas to the rear of buildings and the consolidation of driveways will be encouraged along principal street frontages in the Streetsville Node to increase the area available for planting and public amenity.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.4 Land Use

#### 4.32.4.1 Residential

In addition to the uses permitted by the Land Use Policies of this Plan, bed and breakfast establishments are permitted provided that they front upon Queen Street South, Main Street, Thomas Street or Church Street.

##### 4.32.4.1.1 Residential Low Density I

The Residential Low Density I designation permits detached dwellings to a maximum density of 17 units per *net residential hectare*.

##### 4.32.4.1.2 Residential Low Density II

The Residential Low Density II designation permits detached, semi-detached, triplex dwellings, street townhouse dwellings, and duplex dwellings at a density of 17-37 units per *net residential hectare*.

##### 4.32.4.1.3 Residential Medium Density I

The Residential Medium Density I designation permits townhouse *development*, at a density of 26-42 units per *net residential hectare*. Building height should generally not exceed three (3) storeys.

##### 4.32.4.1.4 Residential Medium Density II

The Residential Medium Density II designation permits townhouse dwellings and all forms of horizontal multiple dwellings at a density of 42-57 units per *net residential hectare* and apartment dwellings at a *Floor Space Index (FSI)* of 0.3-1.0. Building height should generally not exceed four (4) storeys. (MPA-25)

##### 4.32.4.1.5 Residential High Density I

The Residential High Density I designation permits apartment dwellings at a *Floor Space Index (FSI)* of 1.0-1.8. Building height should not exceed seven (7) storeys.

### 4.32.4.2 Business Employment

Lands designated Business Employment will only permit the following uses:

- a. industrial uses within enclosed buildings including manufacturing, assembling, processing, fabricating, research and *development*, and accessory sales and service;
- b. *offices*;
- c. *community uses*;
- d. entertainment, recreation and sports facilities;
- e. financial institutions;
- f. motor vehicle rental facilities.

---

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.5 Heritage

- a. *Heritage resources* will include those properties listed on the *City's* Heritage Inventory, but will not be restricted to the list.
- b. Mississauga will encourage the investigation of the Streetsville historic core area as an area to be examined for future designation as a *Heritage Conservation District* in accordance with the *Ontario Heritage Act*.

### 4.32.6 Storm Water Management

A storm water drainage report will be required to ensure that the existing drainage system has the capability to convey the increase storm flow from *redevelopment* in accordance with current *City* drainage standards.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.7 Transportation

#### 4.32.7.1 Road Classification

The transportation system for the District is illustrated on the Streetsville District Land Use Map, and described in Table 1, Basic Road Characteristics, Streetsville District.

TABLE 1: BASIC ROAD CHARACTERISTICS, STREETSVILLE DISTRICT				
ROAD TYPE	NAME	SECTION	JURISDICTION	RIGHTS-OF-WAY*
ARTERIAL	Britannia Road West	Erin Mills Parkway to Credit River	Region of Peel	36/45 m (45 m at intersections)

\* These are considered basic rights-of-way. At intersections, grade separations or major physical topographical constraints, wider rights-of-way may be required to accommodate bus bays, transit stations along **Higher Order Transit** Corridors, **Bus Rapid Transit** facility, **Bus Rapid Transit** stations, auxiliary lanes, side slopes, bicycle paths, **streetscape** works, etc. (MPA-25) (MPA-95 assoc. with OMB File No.: PL100111)

\*\* Creditview Road south of Argentia Road to the Credit River is listed on the **City's** Cultural Heritage Inventory.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.7.2 Road System

- a. The maximum pavement width of Queen Street South, from Britannia Road West to the St. Lawrence & Hudson Railway, will not exceed a basic two (2) lane cross-section, except for bus bays, on street parking lanes, turning lanes at intersections and bicycle and pedestrian routes.
- b. Main Street between Queen Street South and Church Street will not be widened to accommodate additional through traffic lanes. Minor modifications to this roadway for on-street parking, safety or maintenance will be permitted, however, major modifications which would have an adverse effect on the *character* of the roadway, will require an amendment to this Plan.

### 4.32.7.3 Parking

The *City* will continue to encourage and promote better utilization of the existing and future parking inventory through discussions with the members of the Streetsville Business Improvement Area (BIA), with a goal of developing a self sufficient parking operation through measures such as parking charges.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.8 Special Site Policies

#### 4.32.8.1 Introduction

There are sites within the District which merit special attention and are subject to the following policies.

#### 4.32.8.2 Site 1

The lands identified as Special Site 1 are located north of Tannery Street west of the St. Lawrence & Hudson Railway.

Notwithstanding the provisions of the Residential High Density I designation, the following additional policies will apply:

- a. the determination of the area suitable for **redevelopment** will have regard for the extent of the "regulatory storm" **floodplain** and the **erosion hazards** associated with Mullet Creek, whichever is greater. The extent of areas required for conservation purposes will be determined to the satisfaction of Credit Valley Conservation and the **City**;
- b. **redevelopment** will include provision of a connecting public road between Rutledge Road and Tannery Street;
- c. a maximum of three-hundred and ninety-seven (397) dwelling units are permitted in a building form consisting of low profile buildings ranging in height from three (3) storeys near Mullet Creek to six (6) storeys near the railway tracks.

#### 4.32.8.3 Site 2

The lands identified as Special Site 2 are located on the west side of Falconer Drive, north of Oakington Place.

Notwithstanding the provisions of the General Retail Commercial designation, the following additional policy will apply: (MPA-40)

- a. only a day care facility will be permitted.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.8.4 Site 3 (MPA 85)

In addition to the uses permitted by their Residential designation, the lands identified as Special Site 3 which front upon Queen Street South, may also be used for *offices*.

- a. Any *office* conversion should maintain a residential appearance in keeping with the existing scale, materials, and *character* of the existing dwellings in the immediate area. The existing houses should be preserved if at all possible, while the interior floor plan may be altered for *office* use.
- b. Any additions and alterations of existing buildings should be sensitive to the existing vernacular and heritage village theme, and should be largely confined to the rear of the property.
- c. Any additions, alteration, conversion or *redevelopment* should maintain the existing front yard setback, with the front yard used for landscaping.
- d. Sufficient on-site parking, which will consist of only surface parking, as required by the Zoning By-law, should be provided in the rear yard only at grade without removal of existing trees, except at the discretion of the *City* arborist.
- e. Vehicular entrances should be combined to minimize the number of access points on Queen Street South.
- f. Minimal signage will be permitted. The design of such signage and external lighting should be *compatible* with the residential *character* of the area.g. Existing lot sizes should be retained.
- h. Rear yard drainage will be provided to the satisfaction of the *City*.
- i. Notwithstanding the provisions of the Residential Medium Density II designation, the lands identified as Area 3A may be used for a medical office and a maximum of three (3) dwelling units at a maximum density of 33 units per **net residential hectare**.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

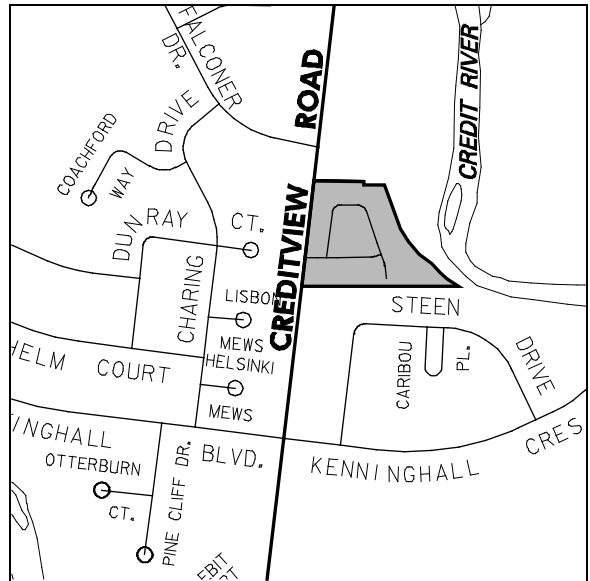

### 4.32.8.5 Site 4

The lands identified as Special Site 4 are located north of Britannia Road West and west of Queen Street North. (MPA-25)

Notwithstanding the provisions of the General Retail Commercial designation *motor vehicle commercial uses* will also be permitted.

### 4.32.8.6 Site 5

The lands identified as Special Site 5 are located east of Creditview Road, north of Kenninghall Crescent.

Notwithstanding the Residential Low Density II designation, the lands may be developed for townhouse *development* and semi-detached dwellings, or any combination thereof, with a maximum density of 15.5 units per *net residential hectare*.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

## Streetsville District Policies of Mississauga Plan

### 4.32.8.7 Site 6

The lands identified as Special Site 6 are located on the west side of Queen Street South, south of Tannery Street.

Notwithstanding the Urban Design Policies, Mainstreet Retail Commercial *Character* provisions, the maximum height permitted will be five (5) storeys. (MPA-25)

### 4.32.8.8 Site 7

(Deleted and replaced by MPA 118)

The lands identified as Special Site 7 are located on the west side of Queen Street South, north of Tannery Street and municipally known as 142, 148 and 120-158 Queen Street South.

#### 4.32.8.8.1 Area 7A

Notwithstanding the provisions of the Mainstreet Retail Commercial designation, lands identified as Area 7A will be permitted to develop for a residential apartment building ranging in height from three storeys to seven storeys with ground floor commercial uses.

#### 4.32.8.8.2 Area 7B

Notwithstanding the provisions of the General Retail Commercial designation, lands identified as Area 7B the following additional policies will apply:
