Specific policies in this section must be read in conjunction with all the policies in this Plan.

Creditview District Policies of Mississauga Plan

4.9 CREDITVIEW

4.9.1 Planning Context

The Creditview Secondary Plan was approved by the Ministry of Housing on February 16, 1978 and was retitled the Creditview District Plan, when City Plan came into effect, on July 8, 1997.

The Creditview District is a stable, residential community with limited potential for further *development* as well as, due to its age, for *redevelopment*. Existing residential land uses consist predominately of low density detached and semi-detached dwellings with one high density *development* located east of the Erindale GO Station. There is one remaining vacant site designated for high density residential uses located north of the GO Station.

Three retail commercial facilities provide for day to day shopping needs, while the City Centre, located immediately to the east, provides for comparison and specialty shopping needs. A limited number of *motor vehicle commercial uses* are located at the northwest corner of Burnhamthorpe Road West and Mavis Road. (MPA-40)

The District is served by Community Parks, which are predominantly centred along Rathburn Road West.

The Creditview District is drained by four *sub-watersheds*: Chappell Creek, Wolfedale Creek, Mary Fix Creek and the Credit River. All the *watercourses* have been enclosed within the District and, therefore, are not considered part of the *Natural Areas System*. The *woodland* located on the east and west side of Deer Run, south of Rathburn Road West, is the most significant natural feature. It is a remnant of an *Environmentally Significant Area (ESA)* (a regional life science *Area of Natural and Scientific Interest (ANSI)*) known as Creditview Oak Woods. The easterly portion is dominated by red ash and bur oak, while the westerly portion is dominated by bur oak and white oak with associated sugar maple and shagbark hickory.

NOTE:

All terms listed in Section 7, Glossary, where used, are *bolded and italicised* throughout the text. (MPA-25)

4.9.2 *Development Concept*

The focus of these policies is on preserving the *character* of the existing neighbourhoods, facilitating *infilling* and *redevelopment* consistent with the *character* of the existing area, and improving the physical and visual linkages between the existing *development* in Creditview and future *development* in City Centre.

The one remaining vacant site in the community, located on the west side of Creditview Road and north of the Erindale GO Station, is designated and zoned for high density residential *development*.

Opportunities to improve pedestrian linkages and vehicular circulation in and around the vicinity of the GO Station will be encouraged.

Retail Commercial *development* in the area will continue to be concentrated in the existing facilities, in *developments* outside of the District on the south side of Burnhamthorpe Road West, and in the City Centre District to the east. (MPA-40)

Specific policies in this section must be read in conjunction with all the policies in this Plan.

Creditview District Policies of Mississauga Plan

4.9.3 Urban Design Policies

4.9.3.1 Streetscape

- a. "Gateway" treatments including special landscape features, upgraded planting, circulation and pedestrian linkages, and attractive built-form will be promoted in the easterly section of the District adjacent to the City Centre to complement the urban design vision for the City Centre and to encourage the City Centre to be used by area residents.
- b. Where existing noise attenuation walls or rear yard privacy fencing are exposed to public streets, supplementary planting and upgraded landscape features should be added, where feasible, as a condition of *development* or road reconstruction. Mississauga will encourage landowners to coordinate the eventual replacement of fences to *enhance* the appearance of the area from the street. Special consideration should be given to Rathburn Road West and Burnhamthorpe Road West as they function as important entrance ways into the City Centre.

4.9.4 Land Use

4.9.4.1 Residential

Owners/developers will be encouraged to advise all prospective purchasers or tenants occupying new residential units within the six-hundred (600) m influence area of a chemical plant located on Mavis Road, south of Burnhamthorpe Road West, of the possibility of adverse odour emissions.

4.9.4.1.1 Residential Low Density I

The Residential Low Density I designation permits detached, semi-detached and duplex dwellings to a maximum density of 17 units per *net residential hectare*.

4.9.4.1.2 Residential Low Density II

The Residential Low Density II designation permits detached, semi-detached, and duplex dwellings within a net density range of 18-36 units per *net residential hectare*.

4.9.4.1.3 Residential High Density I

The Residential High Density I designation permits apartment dwellings at a *Floor Space Index (FSI)* of 0.5-1.0.

4.9.4.2 Public Open Space

Deleted by Amendment No. 25. (MPA-25)

Specific policies in this section must be read in conjunction with all the policies in this Plan.

4.9.6 Special Site Policies

4.9.6.1 Introduction

There are sites within the District which merit special attention and are subject to the following policies.

4.9.6.2 Site 1

The lands identified as Special Site 1 are located at the southwest corner of Rathburn Road West and Creditview Road.

Notwithstanding the provisions of the Residential High Density I designation, the following additional policies will apply:

- a. *development* will be permitted up to a maximum *Floor Space Index (FSI)* of 1.9;
- b. no building or structure will exceed a height of nine (9) storeys, excluding any mechanical penthouse.

4.9.6.3 Site 2

The property identified as Special Site 2 is located at 4265 Perivale Road and is referred to as the Crozier House. This house has been identified as a building worthy of preservation.

Notwithstanding the provisions of the Residential Low Density II designation, the following additional policies will apply:

- a. any *development* proposals will maintain and incorporate the heritage structure and any new construction or severing of property will be *compatible* in building form and scale with the heritage structure;
- b. new *development* will be subject to site plan approval to ensure compatibility with the heritage structure and the preservation of mature trees and other significant natural features.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

Creditview District Policies of Mississauga Plan

4.9.6.4 Site 3 (MPA-43)

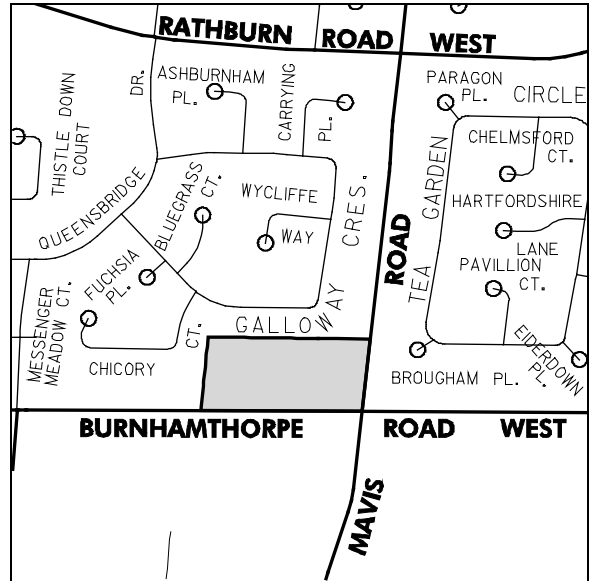

The lands identified as Special Site 3 are located along the east side of Wallenberg Crescent.

Notwithstanding the provisions of the Public Open Space designation, the following additional policy will apply: (MPA-25)

- a. below grade parking may be permitted.

4.9.6.5 Site 4

The lands identified as Special Site 4 are located at the northwest corner of Burnhamthorpe Road West and Mavis Road.

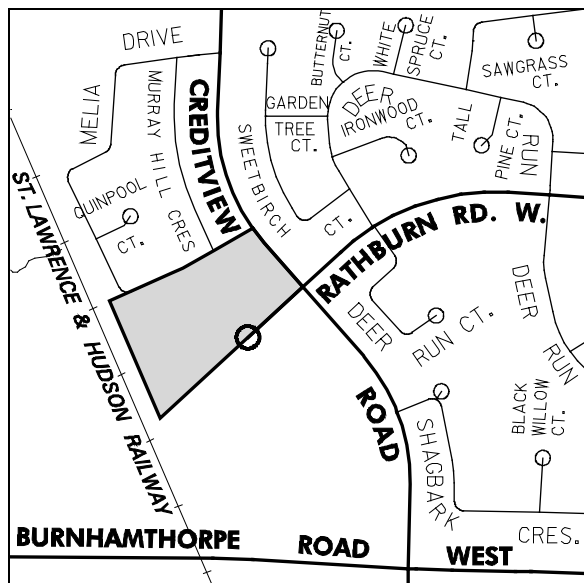

Notwithstanding the provisions of the Motor Vehicle Commercial designation, the following additional policy will apply:

- a. all types of restaurants will be permitted.

Specific policies in this section must be read in conjunction with all the policies in this Plan.

Creditview District Policies of Mississauga Plan

4.9.6.6 Site 5 (MPA-15)

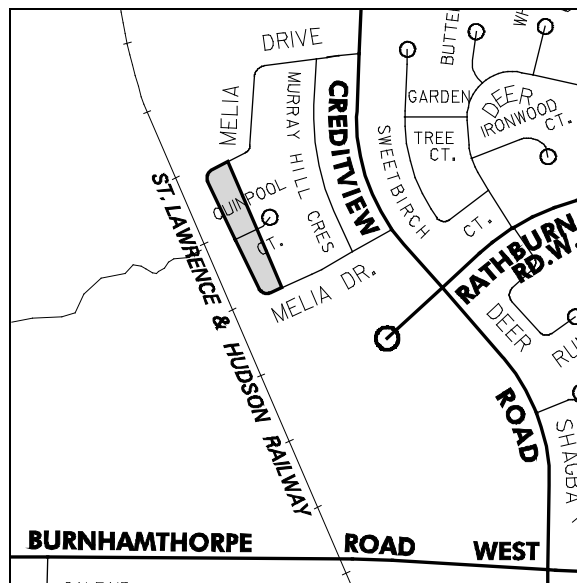

The lands identified as Special Site 5 are located on the west side of Creditview Road between Rathburn Road West and Melia Drive.

Notwithstanding the provisions of the Residential High Density I designation, the following additional policies will apply:

- a. a maximum of three (3) apartment buildings containing a maximum of five-hundred (500) apartment dwelling units and an enclosed recreation centre will be permitted on the lands at a **Floor Space Index (FSI)** of 2.09;
- b. building heights shall range from seven to ten (7-10) storeys adjacent to Creditview Road to twelve (12) storeys on the south side of Melia Drive to eighteen (18) storeys adjacent to the southern boundary of the site in the vicinity of the GO train station on the St. Lawrence & Hudson Railway;
- c. the **development** of these lands will also be subject to the following:
 - no vehicular access to Melia Drive;
 - the erection of an enclosed recreation centre concurrent with the erection of the twelve (12) storey apartment building fronting on Melia Drive;
 - provision for Rathburn Road West modifications and site access to the satisfaction of the City of Mississauga.

4.9.6.7 Site 6 (MPA-25)

The lands identified as Special Site 6 are located on the east side of Melia Drive east and west of Quinpool Court.

Notwithstanding the provisions of the Residential Low Density II designation, townhouse dwellings will also be permitted.

Specific policies in this section must be read in conjunction with all the policies in this Plan.
